SOURCE

- It has been reported that a commander of an alleged "Cominform international brigade", which attempted to invade Yugoslavia from Albania, was recently captured by the Yugoslavs near Veles. The commander is reported to have said that international brigade units are being trained in Rumania, Bulgaria, Greece, and Albania, for future action against Yugoslavia.
- The alleged "international brigade" was reported to have been engaged by six Yugoslav Brigades. The morale of the Yugoslavs was so bad that an estimated twenty percent of the men followed the Cominformists back into Albania.
